Digital Literacy Made Simple!

What is Digital Literacy?

It's all about knowing your way around tech and using it smartly every day!

When was the last time you tried a new app just for fun?

Useful Digital Tools for Students

From organizing your homework to teaming up online, these tools turn chaos into clarity.

Try setting a daily reminder — it really saved me from missing deadlines!

Safe Internet Practices

Surf smart: Think twice before clicking, keep your passwords strong, and never share personal secrets online.

Pro tip: If a link feels fishy, ask a friend or teacher before clicking — better safe than sorry!
